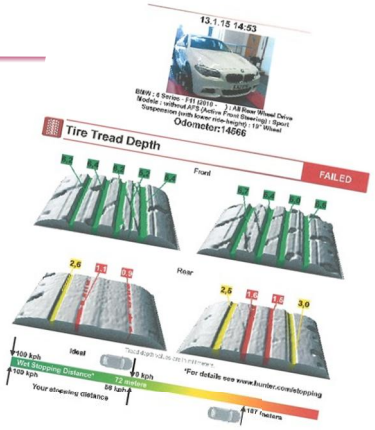
Quick Tread ™

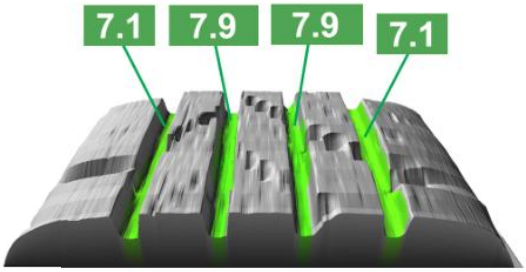
Discover Hunter's NEW Quick Tread drive over tread depth system, the fastest and most accurate in the industry. Simply drive the vehicle over the Quick Tread scanner and it will automatically capture and measure the tread depth, of all four tyres, in an instant!

Features

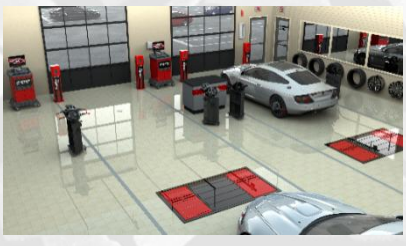
- Scans 50mm segment of each tyre
- Reports up to six tread measurements per tyre
- Rapid - results are immediate
- Easy to understand pass/fail results - on screen or 3D model colour printout
- Consistent and accurate
- Designed and built for the inherent poor environmental location



Left Rear



Surface mount



Flush mount
